

Cabinet Maker, Shropshire

Rupert Bevan is a busy furniture design and restoration company, working on a wide variety of high-end projects. Due to continuing growth, we require an experienced **Cabinet Maker** able to work under his or her own initiative, making furniture from complex working drawings, and taking responsibility for projects through to completed pieces.

The ideal candidate will have a minimum of 5 years in a similar role, with hands-on experience of all machinery and hand-tools, and be able to produce a cutting list and quantify materials for each project. Finishing skills would be a bonus.

He or she will be an excellent and dedicated all-rounder, able to hit the ground running and work with the minimum of supervision. He or she will be required to carry out site work, such as surveys and fitting, as well as liaison with suppliers, so a clean driving license is essential. Finally, this person will have excellent organisational skills, and will be able to communicate well with colleagues, suppliers, and clients.

In return, we offer pay commensurate with experience, 20 days holiday in addition to bank holidays, and a very friendly and creative environment in lovely converted stable workshops in a peaceful countryside location - own transport essential!

This is a full time (40 hours per week) permanent position for immediate start
Salary dependent on skills and experience

How to apply
