

## **Furniture Design Technician/Draughtsman**

**Ludlow, Shropshire**

**£23,000-£29,000**

Rupert Bevan Ltd has been producing bespoke furniture and specialist finishes for more than twenty years for the high end London & international market. We work for leading interior designers, architects and private clients. We have a showroom in London and design studio and workshops near Ludlow, Shropshire.

We are now looking for a Furniture Design Technician with excellent technical knowledge of furniture construction, to be based in our Ludlow design studio.

You will have wide-ranging technical knowledge of Vectorworks or similar CAD program, and experience of using Sketch Up. A knowledge of furniture making, techniques and materials is essential. Good hand sketching ability would be desirable.

You must have excellent organisational skills and the ability to work with multiple projects. In addition, you will have excellent communication skills to manage key relationships with customers, colleagues and suppliers. You must be a strong team player and it is essential that you have a positive, can-do attitude. Practical cabinet-making or bench skills are desirable.

### **Main duties include:**

- Production of accurate working drawings using Vectorworks
- Production of design concept drawings to be used in the sales process
- Working with others as a team to produce designs for all departments of the company

### **Essential requirements:**

- Knowledge and experience of Vectorworks or similar CAD program
- Fluent written and spoken English

The role is based in Ludlow, Shropshire, but the successful candidate will also be expected to travel from time to time.
