

Workshop Technician & Finisher

Rupert Bevan are makers of bespoke furniture, finishes and contract fittings including mirrors.

Our ever-expanding workshop facilities in Ludlow includes a finishing and assembly workshop.

We are now looking for a skilled, experienced, hardworking, and committed Workshop Technician/Finisher who has practical knowledge & experience of both workshop joinery and various finishing techniques. **Finishes would be mostly hand produced and should include staining & polishing, waxing, and oiling.**

You will be part of a dynamic team with prospects for personal development and advancement. This is an opportunity to join a thriving and growing business working at the top end of the bespoke furniture industry.

Key responsibilities

- Working with a variety of materials, principally wood, brass, zinc and mirror glass
- Applying finishes to wood and metal – e.g., staining, oiling, polishing, waxing as well as patinating and painting
- Furniture assembly/frame making for Mirrors/sample production
- Keeping workshop tidy

Skills requirement

- Ideally you will have good all-round practical skills
- Joinery and shop-fitting skills are required.
- Veneering
- Furniture assembly
- Furniture and Metal Finishing
- Workshop organisation
- Site fitting as required
- Computer literacy (not essential)
- Understand and read working drawings
- Full clean driving licence
- Work under own initiative with a positive can-do attitude

Hours: Monday - Friday 8.30-5.30 but there may be times when overtime will be needed during busy periods
