

Cabinet Maker - Ludlow, Shropshire

Our Company

Rupert Bevan Ltd has been designing, making and finishing bespoke furniture, antiques, mirrors and specialist finishes for more than twenty years. We work for leading interior designers, architects and private clients all over the world.

The Job

We are looking for a skilled cabinet maker with a wealth of practical experience to join our existing team in our Shropshire workshop. The right candidate will help the company expand this side of the business and should be self motivated, responsible and happy to be part of a wider team.

The role will require the person to work under their own initiative, making furniture from complex working drawings, and taking responsibility for projects through to completed pieces.

The ideal candidate will have a minimum of 5 years in a similar role, with hands-on experience of all machinery and hand-tools, and be able to produce a cutting list and quantify materials for each project. Finishing skills would be a bonus.

They will be an excellent and dedicated all-rounder, able to work with the minimum of supervision. They will be required to carry out site work, such as surveys and fitting, as well as liaison with suppliers, so a clean driving license is essential. Finally, this person will have excellent organisational skills, and will be able to communicate well with colleagues, suppliers, and clients.

In return, we offer pay commensurate with experience, 20 days holiday in addition to bank holidays, and a very friendly and creative environment in lovely converted stable workshops in a peaceful countryside location - own transport essential!

Hours: Monday - Friday 8.30am - 5.30pm

Salary: dependent on experience
