GILDER'S LAMP

➤ DIMENSIONS

H: 171.5cm (including shade)
Base Diameter: 52cm

➤ MATERIALS

Solid steel with a blackened finish.

➤ HAND FINISHES & PATINATION

Hand sculpted in solid steel and patinated to a blackened finish with the stem oil gilded in gold leaf.

➤ HOW TO CARE FOR YOUR PRODUCT

Any marks on the blackened steel are to be removed with a dry cloth and any spillages are to be dried immediately as moisture can cause rust. Carnauba Wax will protect and give the surface a light sheen and is to be applied sparingly with a clean lint-free non-abrasive cloth. Buff the wax gently with a second cloth to remove any residue.

For the gilding, lightly dust with a soft cloth or soft brush. Do not use any water or cleaning materials on areas that have a gilded finish. If more extensive cleaning is required, please contact us for assistance or more information.
