GLASS CHEVRON MIRROR

➤ DIMENSIONS

Small: H: 92cm x W: 72cm x D: 3.5cm

Medium: H: 112cm x W: 92cm x D: 3.5cm

Large: H: 132cm x W: 112cm x D: 3.5cm

➤ MATERIALS

Oak, antiqued mirrored cathedral glass and antiqued mirror glass.

➤ HAND FINISHES & PATINATION

Mirrored cathedral glass and fumed oak and hard wax oil frame. Due to the hand-blown nature of the cathedral glass, the colour and thickness may vary.

➤ HOW TO CARE FOR YOUR PRODUCT

To clean the antiqued mirror glass, lightly spray the cloth with a proprietary non-smear glass cleaner. Hodgson Sealants glass cleaner is recommended. Rub the damp lint-free cloth over the surface of the glass to remove the dirt. Using a second cloth, polish the surface of the glass. Repeat the procedure if necessary. Ensure that any cloths used are checked for grit or dust that could scratch the glass.

➤ HANDLING & FITTING INSTRUCTIONS

Always lean the chevron backwards when it is resting on the floor – the chevron glass should not touch the floor or work surface. The mirror is to be fitted on split battens which are situated on the back of the mirror ready. The wall should be assessed prior to installation to see what the make up is. It is important that the split battens that are fixed to the wall are installed level and secure before lifting the mirror onto them.
