➤ HOW TO CARE FOR YOUR PRODUCT

Leather is a natural product which will have natural marks and characteristics. Ensure that you do not leave the item of furniture in direct sunlight for prolonged periods. Avoid direct heat from fires and radiators which can dry out and distort the leather. Do not use saddle soap, wax polishes or general household cleaning products. Chemicals are not recommended as they break down the protective surface.

In terms of the woodwork, dust with a lint-free cloth. If polishing is required, use Renaissance Wax (if compatible with the finish applied – check with us). Avoid any acidic, silicone or harsh abrasive cleaners (e.g. Cif or Mr. Sheen). Apply sparingly with a soft, lint-free cloth. Remove excess with a second clean cloth.
