➤ HAND FINISHES & PATINATION

Needlepoint cushion by Hunt & Hope. Black powder coated steel base and dark patinated brass with a satin lacquer.

➤ HOW TO CARE FOR YOUR PRODUCT

Any marks on the steel base are to be removed with a dry cloth and any spillages are to be dried immediately. To maintain the appearance of the steel use Carnauba Wax. Rub in sparingly with a soft, lint-free cloth. Wipe off excess with a second cloth.

Do not allow your piece to be exposed to direct sunlight for long periods of time. Metal finishes will become extremely hot and this may damage the bond between the brass and the substrate. It may also affect the finish.
